

Gary Weinstein

Board Advisor — **Crypto, Blockchain & AI**

Gary Weinstein is the Founder of Infinity Advisory, advising crypto, blockchain, AI, and emerging technology companies on regulatory strategy, compliance, and public policy. He brings leadership experience across government, financial services, and digital assets, helping organizations navigate complex legal and regulatory challenges.

A former New York Assistant Attorney General, Gary led multistate and international antitrust investigations in coordination with the DOJ and FTC and represented the State in federal trial and appellate courts. He later served as Senior Vice President, Deputy General Counsel, Chief Privacy Officer, and Acting General Counsel at a leading consumer financial services company, overseeing litigation, compliance, privacy, and cybersecurity initiatives.

Since entering the blockchain industry in 2018, Gary has served as Head of Global Regulatory Relations for Zcash, advocating for privacy-preserving technologies built on advanced cryptography. He is also co-founder and co-host of the PGP for Crypto podcast and a contributing author to Forbes Digital Assets.

Gary has served on the boards of companies, government entities, and nonprofit organizations, testified before the U.S. Senate, and brought a landmark case before the Supreme Court of the United States. He continues to advise organizations at the intersection of technology, regulation, and innovation.
